### **ABSTRACT**

*Praise be to God, Lord of the worlds, by whose grace good deeds are accomplished, and blessings and peace be upon the one with whom the prophets and messages were sealed, our master Muhammad (may God bless him and grant him peace).*

*It may come to mind when talking about the weapons that the Prophet Muhammad (peace be upon him) used in his conquests, that he was a man of war and money collector. On the authority of his Prophet, may God's prayers and peace be upon him, trying to change even a simple thing from what was stuck in their minds about that distorted image to find the truth.*

*And if he, peace and blessings be upon him and his companions fight, then this is a war of necessity, not choice, in order to spread the religion of God Almighty, and to bring mankind out of darkness into light, for fear for mankind from wandering and loss. Allah says (And fight them until there is no persecution and the religion is all for God. If they desist, then God sees what you do) (1) We can divide the weapons used by him, peace and blessings be upon him, in his conquests and wars into defensive weapons, offensive weapons, and insignia used in war.*
