

INFORMATION LITERACY: ESSENTIAL SKILL FOR HIGHER EDUCATION

M. PRABAKARAN

Librarian, Vivekananda College, Tiruvedakam West, Madurai, Tamilnadu, India

ABSTRACT

Information literacy really a revolutionary approach in higher education that is being felt at the general education curriculum level or simply an important outgrowth of traditional library instruction and resource-based learning that has achieved sporadic successes due to better marketing, technological prevalence, and acceptance by certain accreditation agencies and campus administrators.
