ABSTRACT

Identity and education will play an indelible role in the lives of humans all over the world, but these two are million dollar questions in getting too many of the people in the world. This is not about the entire human race. It is purely about one woman and her education and her identity. This modern world is education and identity in equal shares as men in different societies of the world. Identity and education will help the people to become better civilians, and getting good pay, and at the same time they would have clarity between good and bad. It shows us the importance of hard work, and at the same time it helps an individual to grow. It helps in building of the better society to live in, to respect rights, court, and regulation.
